# INTRODUCTION

**Kenclozer**

**KENCLOZER is a brand owned by Ksquare Energy Pvt. Ltd.** We manufacture premium quality polycarbonate enclosures and junction boxes for indoor as well as outdoor applications.

## Types of Enclosures:

1

**Industrial Polycarbonate Enclosures**

2

**Wall Mount Polycarbonate Enclosures**

Our **Kenclozer** brand products are well tested of every quality parameters by our strong technical team before being delivered to our customers. We also manufacture customised range as per requirement.

We use premium quality material for Lid, Bottom, Screws and O-Ring. With precision manufacturing techniques we promise you 100% quality assurance in our products.

# SALIENT FEATURES

**Kenclozer**

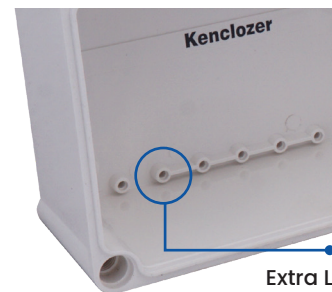

1

Full face o-ring interface makes sure to seal the face in all manner, No more chance for gap and particle immersion. Special o-ring material chosen for long life in extreme environment creteria.

Extra length gripping of mounting screws ensures the proper tightening force of din rails & mounting plates. This will also reduce the chance of damaging the components in transportation. Recommended to use the mounting plate instead of Din rails for long distance travels.

2

Extra Length Gripping

3

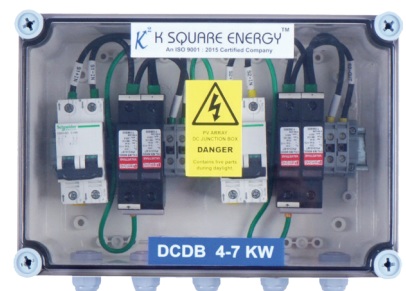

Multiple mounting locations will allow to mount the din rails/plates at many locations i.e horizontal, verticle, single line two lines etc. Each mounting location is designed based on mcb, spd, fuses and standard component's height.

## APPLICATIONS

- |                                    |                     |
|------------------------------------|---------------------|
| • Solar junction boxes (DCDB/ACDB) |                     |
| • CNC Machine Panels               | • Display Meters    |
| • AC Combiner boxes                | • Motor starters    |
| • Instrument Panels                | • Hydraulics panels |

# TECHNICAL SPECIFICATIONS

**Kenclozer**

SN	PROPERTY	ABS-POLYCARBONATE
01	Ingress Protection (EN 60529)	IP 66/67
02	Impact Resistance (EN 62262)	IK 07
03	Temperature Range - Continuous	-20°C to +60°C
04	Electrical Insulation	Insulated
05	Enclosure Flammability Rating	UL 94-HB
06	Glow Wire Test	650°C
07	Non-Toxicity	Halogen Free
08	UV Resistance (UL746C)	-

SN	CONFORMITY TO STANDARDS	ABS-POLYCARBONATE
09	Empty Enclosure-Low Voltage Switch gear	YES
10	RoHS	YES
11	CE	YES
